The materials and raw materials are in accordance with the Regulation (EU) no. 10/2011.

The following substances subject to limitations and / or specification are used in the above mentioned products: none

Note on dual use substances:

Substances also approved as food additives do not migrate or are contained in marginal quantities only so that they do not display any technological effect in case of migration.

The organoleptic tests executed on our behalf discovered no inadmissible influence on the food having been in contact with the products.

Specification of the intended use or restrictions:

- Foodstuffs, that may come into contact with the material:
 - dry foodstuff (e. g. bread, cereals)
- Scope of the articles:
 - washable at 30 °C; we recommend to wipe with a wet cloth
 - not microwave safe
 - no direct heat
 - not oven safe

The ratio of the surface area that is to come into contact with the foodstuff to the volume levels, with which the object conformity was determined, complies with the legal demand according to the Regulation (EU) 10/2011.

- Surface-to-volume ratio = 6 dm² / kg food
- Test conditions: 24 h / room temperature

There is no functional barrier made from plastic used in the above mentioned products.

The mentioned above products are made according to Regulation (EC) no. 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food.

This declaration is valid for the above specified products supplied from us; the test of conformity was accomplished according to the directives of the Regulation (EU) no. 10/2011; thereafter the products fulfill the requirements in compliance with the given food contact conditions.
